Trash Amnesty Week May 21-25

In an effort to assist Auburn residents with their spring cleaning efforts, the City Council has unanimously approved the 3rd Annual Trash Amnesty Week for the week of May 21-25. During Trash Amnesty Week, the fees normally assessed for the collection of oversized yard debris and other bulky waste will be waived. Please pay close attention to the following guidelines when placing your items out for collection:

- Collection is scheduled to begin at 6:00 a.m. on your regularly-scheduled collection day. Please place debris out for collection prior to that time.
- No household garbage, hazardous waste, or other unacceptable waste should be left out for collection with your debris. Only yard waste, appliances, bulky items, and other such waste should be placed out for collection.
- Debris should be placed at least 3 feet behind the curb, roadway, or sidewalk AND in front of your residence. **No debris should be placed in the roadway, on storm drains, near utility lines, on utility boxes such as water meters and phone boxes, or on vacant lots.**
- Limbs and other debris should be no longer than 5 feet in length.
- To facilitate our wood debris and metal recycling efforts, we request that all wood debris (i.e. limbs and grass clippings) be placed in a separate pile from metal items.

Due to the large volume of debris expected during this week, there may be a delay in the collection schedule. Every reasonable effort will be made to maintain the established collection schedule. For more information, please contact the Environmental Services Department at 501-3080.

Last year, Environmental Services crews picked up an average of 68 tons of trash each day during the 2nd Annual Trash Amnesty Week. During a typical collection week, crews average 40 tons of trash collections each day. Mark your calendar for the 3rd Annual Trash Amnesty Week May 21-25.

What You Can Do to Help Keep Auburn Beautiful

The City of Auburn employs a number of measures in its ongoing efforts to Keep Auburn Beautiful. As an affiliate of the Keep America Beautiful campaign, the City's Keep Auburn Beautiful Committee includes members from various City departments and community groups. Committee members work to evaluate current City policies on public property maintenance, in addition to educating the public on issues such as littering, recycling, and illegal dumping. The City also utilizes a street sweeping schedule and Right of Way Maintenance crews to routinely patrol and maintain City property. Included below are a number of ways Auburn residents can help Keep Auburn Beautiful. For more information on these items or Keep Auburn Beautiful initiatives, please visit www.auburnalabama.org.

Littering

Litter can be defined as anything deposited where it is not meant to be, whether it is intentional or unintentional.

Primary sources of litter include:

1. Pedestrians or cyclists who do not use receptacles.
2. Motorists who do not use car ashtrays or litterbags.
3. Trucks with uncovered loads on local roads and highways.
4. Business dumpsters that are improperly covered.
5. Loading docks, commercial areas, etc. with inadequate waste receptacles.
6. Construction and demolition sites that are improperly maintained.
7. Household garbage scattered before collection.

Auburn residents can help to minimize litter by setting an example not to litter. The more people litter, the more it becomes a habit; however, if an area is kept clean, people are less likely to litter. By setting an example not to litter and utilizing waste receptacles, we can all do our part to help Keep Auburn Beautiful.

Sign Graffiti and Sign Theft

Each year, the City of Auburn spends more than \$2,000 repairing and replacing street signs resulting from graffiti and sign theft. The destruction and theft of street signs and traffic indicators such as STOP and YIELD signs are criminal acts. The Code of Alabama defines Criminal Mischief, 3rd degree, as the damaging or destruction of property that belongs to another, without legal authority to do so, for property whose value does not exceed \$500. This is a class B misdemeanor and is punishable by jail time up to six (6) months and a fine of no more than \$1000. Any person caught damaging City property, including street signs and traffic indicators, is subject to the terms of the Code of Alabama.

Littering Fines

- (1) For a first violation: A fine of not less than two hundred fifty dollars (\$250.00).
- (2) For a second violation: A fine of not less than three hundred fifty dollars (\$350.00).
- (3) For a third or any subsequent violation: A fine of not less than five hundred dollars (\$500.00) or imprisonment of not more than ninety (90) days, or both such fine and imprisonment, at the discretion of the municipal judge trying the case.

Illegal Dumping

Section 20-31 of the City Code states that "It shall be unlawful for any person to dump, or cause to be dumped, any garbage upon any property other than a sanitary landfill."
